## About Me

---

I'm a passionate Frontend Developer with a strong foundation in HTML, CSS, JavaScript, and React.js. I specialize in creating responsive, user-friendly interfaces and enjoy turning creative ideas into functional designs.

As a fresher, I'm eager to learn, grow, and contribute to impactful projects. Let's build amazing experiences together!

## Education

---

### Chitkara University

Master of Computer Applications (MCA)

- **CGPA Obtained : 7.91**

2022 – 2024

Punjab, India

## Internship

---

### Techlive Solutions

Frontend Developer Intern(Industrial Training)

Jan 2024 – June 2024

Mohali, India

- Assisted in the development of frontend of websites using HTML, CSS, JavaScript, and React.js library.
- Worked with MySQL to manage user input data.
- Developed and executed test plans and test cases to ensure software quality and functionality.
- Collaborated with team members using version control systems such as Git.

## Projects

---

### Movie Recommender App | React

- Developed a movie recommender app using React, creating a user-friendly interface for seamless movie discovery and recommendations.
- Integrated with The Movie Database (TMDb) API to fetch and display movie data dynamically, enhancing user engagement.
- Implemented state management using React hooks and Context API to efficiently handle user data and application state.
- Enhanced the user experience by implementing features like search functionality, pagination, and movie details view using React Router.

### Personal Portfolio Website | HTML, CSS, JavaScript

- Developed and designed a personal portfolio website to showcase projects and skills.
- Integrated interactive elements and animations to enhance user experience. Utilized modern web development practices, including Flexbox, Grid, and JavaScript for dynamic content.

## Technical Skills

---

- **Languages:**
  - **Frontend:** JavaScript, React.js
- **OOP, SDLC/STLC Concepts.**
- **Database:** MySQL
- **Web Services:** Restful Web Services
- **VCS:** GitHub
